In June 4, Digital Software conducted a technical demo of this comprehensive school system before key DepEd officials including Usec. Diosdado San Antonio and Director Abram Abanil, among others. Having been impressed, they gave the company authority to coordinate directly with the DepEd Divisions which may be interested in availing themselves of the system. You may refer to this link as to the recorded video conference meeting: <https://www.youtube.com/watch?v=jsbAzncXQek>.

I am happy to announce that the DepEd Central Office has given us the go-signal to directly coordinate with the schools' divisions to offer the use of our SMS-LMS to up to 200 schools nationwide **FREE OF CHARGE to DepEd** on a first-come-first-served basis. Allocation per division is five schools only. Kindly let me know if you are interested in piloting the system in your choice schools. Attached is the screenshot of Usec. Dads' approval thru email.

Looking forward to working with and serving you.

Sincerely,
