**1st National and International Webinar
 Module-Based and Video-on-Demand
 Activities in Teaching, Leadership and Skills
 Training for Educators**

The Continuing Professional Development Center For Teacher Training Center (CPDCT) will hold the 1st National and International Webinar Module-Based and Video-on-Demand Activities in Teaching, Leadership and Skills Training for Educators with the theme, "Enhanced Filipino Educators Optimizing Education Standards." Via Zoom to commence from June 2022 to December 2022 through a program package to the self-learning e-modules, video-on-demand, participation to webinars, and other self-directed and PRC approved professional development outlined below.

The study course cum conference enjoining educators from around the world to share their ideas, experiences, and research with the view of formulating new paradigms, innovative practices, and meaningful outcomes in education through the inspirations and aspirations. The Special Programs and Seminars Strands are as follows:

SELF-PACED, SELF-DIRECTED VIDEO-ON-DEMAND PROFESSIONAL DEVELOPMENT ACTIVITIES			
Title of the Courses	Course Description	Course Duration	Course Inclusion
1. International Educational Leadership Seminar Online	This course presents the concepts, theories, methods, and findings dealing with how to remain abreast of research in education and acquire the extensive knowledge of learning theories, leadership theories, creative thinking, teaching, assessment, and the principles of effective schools. These will be applied to the practice of educational administration at all levels and in all settings, taking into	June 2022	-Certificate of Attendance -Certificate of Participation

2. Upskilling and Reskilling Teaching and Supervision	This course is an examination of theories and practices related to school leadership, administration, supervision, and evaluation. Topics included are organizational structure, engaging teachers, staff, and parents in the decision-making process, curriculum, leadership, supervision, staff development, monitoring and evaluating the school's or program's performance and involving staff in making changes, mechanisms for effecting change, establishing and maintaining ongoing cooperation and collaboration between the home and the school, personnel administration, business management, and school law.	June 2022	-Certificate of Attendance -Certificate of Participation
3. Career Development Online Seminar	The philosophy of the course is that this process is ongoing, systematic, and aimed toward a fulfilling work life, which is part of your overall plan for personal development. Engaging in this ongoing process should be challenging, interesting, and enjoyable. Taking advantage of the options in this PCD course will aid you in your transition from college student to professional employee and give you a more direct route to your long-term career goals by anticipating and acquiring the requisite skill sets, courses, and experiences for an entry-level job that will be the best starting point on your chosen career path.	July 2022	-Certificate of Attendance -Certificate of Participation
4. Advanced Computer Skills Training	The student will demonstrate advanced skills to analyze information, select proper format, organize information, and generate output. The participants will learn from hands-on experiences,	July 2022	-Certificate of Attendance -Certificate of Participation

	utilizing basic programs in a graphical user interface, word processing, spreadsheets, database management, and graphical presentations for ICT and teaching integration.		
5. 21st Century Skills and ICT Integration	"21st century skills are tools that can be universally applied to enhance ways of thinking, learning, working and living in the world. The skills include critical thinking/reasoning, creativity/creative thinking, problem solving, metacognition, collaboration, communication and global citizenship. 21st century skills also include literacies such as reading literacy, writing literacy, numeracy, information literacy, ICT [information and communications technologies] digital literacy, communication and can be described broadly as learning domains." ICT as tools in teaching effectively.	August 2022	-Certificate of Attendance -Certificate of Participation
6. National Seminar in Instruction and Assessment	They will learn how to align learning outcomes with instruction and how to utilize assessment strategies such as informal and formal assessments, formative and summative assessments, portfolios, standardized testing, outcomes, and practical applications.	August 2022	-Certificate of Attendance -Certificate of Participation
7. National Seminar in Curriculum and Planning	In this program, participants will learn to develop curriculum and to evaluate it knowledgeably by engaging in curriculum design. I have organized the class around our curriculum development work, using a backward design framework. It is also considered, a series of current issues in curriculum design and curriculum leadership. Guiding questions for the seminar include: What political, social, and pedagogical purposes does curriculum serve? What are major	September 2022	-Certificate of Attendance -Certificate of Participation

	design frameworks for the development of curricula? How should decisions be made about curriculum?		
8. Educational Technology Online Seminar	Educational Technology is a broad and dynamic field that intersects many other disciplines and offers numerous opportunities for individuals with varied interests and talents. Having knowledge of the foundations, history, perspectives and literature in the field enables students to think more critically about their efforts and career goals. This course is intended to give you an overview of the field and help you begin to find (or further establish) your niche within it.	September 2022	-Certificate of Attendance -Certificate of Participation
9. Enhanced Research Capabilities Online Seminar	The course is intended to cover the broad spectrum of research methods found in published research in education. The course has two main goals: to help participants make sense of the research they can be expected to encounter in their graduate program and their professional practice, and to provide the basis for more intensive study in particular research methods required in the conduct of their own research.	November 2022	-Certificate of Attendance -Certificate of Participation
10. National Demonstration Teaching Conference	Teaching demonstrations are an integral part of academic realm where teaching responsibilities are a part of the workload. Even if you are not on the job market, teaching demonstrations can be a helpful exercise in analyzing your instructional practices and identifying areas for improvement. It also encourages new ideas and practices to be adopted in their respective schools.	December 2022	-Certificate of Attendance -Certificate of Participation
