Online Workshop and Face-To-Face Workshop

With rising inflation and COVID 19, virtual workshops will remain, and face-to-face workshops will become more expensive and impractical. Here are some of the positive sides of online workshops according to Northeastern University:

1. Budget friendly (56%).
2. Collaborative and discussion-based learning (67%).
3. Participants can use the learnt knowledge in the professional field (81%).
4. Preparing and submitting the tasks are easy (59%).
