DIVISION ADVISORY
No. 118, s. 2022
August 11, 2022

*In compliance with DepEd Order No. 8, s. 2013,
this Advisory is issued not for endorsement as per DO No. 28, 2001
but for the information of DepEd Officials, Personnel/ Staff and the concerned public
(visit <https://depedelsalvadorcity.net>)*

STATISTICAL ANALYSIS USING PYTHON

The Strategic One Business Management Consultancy Firm is inviting teachers, school administrators, and non-teaching personnel to join the **STATISTICAL ANALYSIS USING PYTHON** on October 5-7, 2022 via Online Platform.

The participation of both public and private schools shall be on a voluntary basis. As such, the participants themselves shall shoulder any registration fees and travel/incidental expenses. Further, participation shall be subject to the *no-disruption-of-classes policy* stipulated in DepEd Order No. 09, s. 2005 entitled *Instituting Measures to Increase Engaged Time-On-Task and Ensuring Compliance Therewith*, Section 3 of Republic Act No. 5546 (Policy on Contributions), and DepEd Order No. 066, s. 2017 (Policy on Off-Campus Activities).

Immediate and wide dissemination of this Advisory is desired.

OLGA C. ALONSABE, PhD, CESO V
Schools Division Superintendent

Statistical Analysis using Python - October 5 to 7, 2022 via ZOOM (P3,100.00)

Nowadays, data analysts uses opensource and freewares to analyze data. There are many softwares that we can use which require minimal invest such as attending a virtual workshop with STRATONE **which only cost PHP3100.00 for a 22.26 hours of training**. This coming **October 5 to 7, 2022 we will be introducing Statistical Analysis using Python (via ZOOM)**.

Python, same with RStudio is an opensource tool which data scientist around the globe use in order to analyze data, create algorithms, web development , to name a few.

The objectives of this workshop are to:

- *Understand how each statistical analysis works, such as the assumption and data requirements.
- *Learn how to run the statistical analysis using Python.
- *Manage and access your data using Python.
- *Identify the right statistical tool for a specific business or research problem.

Note: To access the course outline, description, and program of activities, kindly reply to this email.

To register (copy-paste the link to your web browser): <<<https://forms.gle/N6Qhca5C7uEGGned6>>>

*****Payment details:**Account Name: **Strategic One Business Management Consultancy Firm**Account Number: **3831-0043-38**Bank: **Landbank of the Philippines (Alabang Business Center Branch)**

The registration fee is inclusive of 12% VAT, digital handouts, datasets, installers of the freewares and opensource (that you will use during the workshop), digital certificates (of participation, completion, and attendance), recording of the webinar, and the learning experience. **STRATONE is a Vat company.**

Why Python?

1. Python is a high-level programming language that has English-like syntax. This makes it easier to read and understand the code.
2. Due to the simplicity of Python, developers can focus on solving the problem. They don't need to spend too much time in understanding the syntax or behavior of the programming language.
3. Python is Free and Open-Source.
4. Python has vast libraries support.

START One has been operating for a year now, catering to the market research and training requirements of BPOs, various government agencies, and academic institutions here in the country. The STRAT One (Strategic One Business Management Consultancy Firm) is an emerging business that provides world-class webinars, training, seminar, and conferences at an affordable price for the market. We believe that learning management, marketing, business strategy, data science, and research should be affordable (the Philippines) to emerge as a leading business destination in the ASEAN. Moreover, STRAT One aims to democratize analytics here in the Philippines.

Since the last quarter of 2019, CHED temporarily stopped the issuance of CHED endorsements. Hence, our fees are aligned to the DBM memorandum on National Budget Circular no. 563 series of 2016.

Thank you, and have a great year!

Regards,
