Greetings!

The Curriculum Studies Association of the Philippines, Inc. (CSAPI) is a SEC-registered professional organization established to be the premier community of curriculum studies experts in the Philippines. It is an affiliate organization of the Asia Pacific Research Association on Curriculum Studies, Inc. (APRACSI), comprising an international board especially from countries in the Asia Pacific region.

CSAPI will be holding its National Conference on Curriculum Studies (NCCS) with the theme, *Curriculum Studies for Education for Sustainable Development in a PostPandemic Era in the Philippines*. It will be held on September 24, 2022 in hybrid mode with online attendance and an onsite venue at Crowne Plaza Galleria Manila, Ortigas Center, Quezon City.

The conference will highlight the role of curriculum studies in achieving education for sustainable development in the Philippines. The conference is designed to underscore the best practices in curriculum designing, implementation, and evaluation of curricular programs with integrated sustainable development. Based on these practices, curriculum practitioners and educators can be guided in crafting programs relevant, appropriate, and responsive to the new normal.

Our keynote speakers are Dr. Ra-Shane Meesri from Chulalongkorn University, Thailand and Mr. Renato Opertti from UNESCO-IBE. Plenary speakers include Dr. Lizamarie Olegario from UP-Diliman and Dr. Jestoni Babia from University of San Jose Recoletos Cebu. Attached are the NCCS 2022 posters and program for your perusal of the conference details.

Aside from plenary speeches, there will be panel discussions on curriculum implementation and evaluation in basic education, higher education, and TVET as well as paper presentations focused on the following strands which cut across all disciplines:

- Curriculum planning/designing for Education for Sustainable Development
- Curriculum implementation and evaluation for Education for Sustainable Development
- Instructional designing for Education for Sustainable Development

We would like to invite interested paper presenters to submit research abstracts in any of these strands. The deadline for the submission of abstracts is July 31, 2022. Kindly email 250-word abstract, research title, and selected strand to upcs2016@gmail.com.
