Greetings!

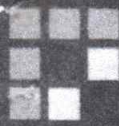

The **University of the Philippines Investment Club (UPIC)** is a non-profit, academic organization that aims to provide an accessible and competitive avenue for the development of the financial skill sets of its members, the UP community, and the youth as it strives to instill in its constituents the drive and discipline needed to independently thrive in the financial industry.

As part of our goal to reach greater heights this year, our organization would like to invite the **Department of Education (DepEd)** and the members of your institution, to our virtual flagship event called the **Young Traders Summit (YTS)** which is a non-consecutive, four-day, virtual symposium that will be held on the Saturdays of March 2023.

About Young Traders Summit

The YTS is an **annual event where topics about trading and investing are discussed** in order to introduce new financial concepts and reinforce the participants' knowledge of current market trends. This year, we crafted the topics to be as beginner-friendly as possible to encourage participation of everyone, may it be people interested to start their investing journey or those trying to continuously learn and become more acquainted when it comes to making critical financial or investment decisions. Throughout the four-day event, participants will learn how to start investing from scratch. With the help of expert resource speakers, they will be taught how to start building capital for investing, how to manage and allocate money, and how to open a trading account. Through the YTS, participants will understand the mechanics of the stock market and grasp essential concepts that will aid in their investment journey.

Our theme for the **Young Traders Summit 2023** is **Formula 1: Race to Success**. Apart from the lectures, we also have a month-long stock picking game called **The Grand Prix** where participants can win P1,500 and more by simply playing and engaging in our fun event. Best of all, the registration for the entire event is free and open to all ages.

In line with this, we hope to share and strengthen our advocacy of **spreading financial literacy to the general public** with DepEd through this invitation. UPIC is currently in the process of organizing this event as we aim to create the best experience for the participants as they take a step towards financial literacy. Your **endorsement** in this regard will help us a lot in the process of reaching out to the people as we strive to help them be more firm with their financial decisions and further introduce them with the beauty of investing.

We will be highly obliged if you kindly grant us the endorsement. Should you have any questions or concerns about the organization or the event, please reply to this email thread or contact us through the details provided below.

Thank you and we look forward to your response!
